PROFILE

Fullstack developer specializing in Next.js, TypeScript and modern React. Self-taught through intensive bootcamp training and hands-on project building, shipping five production-deployed applications in 2026 — e-commerce, dashboards, authentication and full CRUD systems. Comfortable owning a project end-to-end: architecture, UI, API, database and deployment. Fluent in English and Italian; native Portuguese.

FEATURED PROJECTS

BankDash — Financial Dashboard 2026

Next.js 16 · TypeScript · Tailwind CSS v4 · Recharts · Zustand · Zod

- Data-rich financial dashboard with interactive charts, Zustand state, nuqs URL state, and Zod-validated forms end-to-end.
